REQUEST FOR PROPOSALS

Project-Based Voucher (PBV) Program

The Mansfield Metropolitan Housing Authority (MMHA) invites property owners and developers in Richland County to submit written proposals demonstrating their project eligibility, qualifications, and interest in securing Project-Based Vouchers (PBV). PBV assistance provides rental subsidies paid on behalf of eligible families who live in units that are contracted under the PBV program.

Generally, the number of PBV assisted units cannot exceed the greater of 25 units in a project or 25% of the total dwelling units, except as provided by regulation. Exceptions include units in a building that are specifically made available for qualifying households that are elderly or disabled, or that are receiving specific supportive services, or single family housing, defined as one to four units. MMHA has reserved up to twenty five (25) housing choice vouchers to be project-based in dwelling units that meet the program objectives specified in the Preferences and Project Selection Criteria in this Request for Proposals (RFP).

MINIMUM REQUIREMENTS & PREFERENCES

Proposed projects may be existing housing, a planned new construction, or an existing project in need of rehabilitation located in areas of low concentration of poverty in the County of Richland, i.e., in census tracts with poverty levels at or below 20%. (Refer to <https://www.huduser.gov/portal/maps/hcv/home.html> for poverty rate by census tract.)

Projects located in areas with higher poverty rates may also be considered, but the Proposer must submit justification for the need to project-base the proposed development in such an area (refer to 24 CFR 983.57).

The property must be eligible housing as determined under CFR 983.52 – 983.54. Furthermore, the proposed developments must meet HUD Site and Neighborhood Standards (see 24 CFR 983.57). Applicants are encouraged to include evidence that the proposed units are located proximate to public transportation, retail, and other essential services and amenities for the population served.

Sites selected for PBV assistance must be:

- Consistent with the goal of expanding housing and economic opportunities;
- In full compliance with the applicable laws regarding non-discrimination and accessibility requirements;
- Meet Housing Quality Standards (HQS) site standards; and
- Must meet HUD regulations for site and neighborhood standards.

Activities under the PBV program are subject to HUD environmental regulations and may be subject to review under the National Environmental Policy Act by local authorities.

FEDERAL REQUIREMENTS RELATED TO CONSTRUCTION AND OPERATIONS

Each Developer/Owner selected under this RFP will be required to meet HUD Housing Quality Standards (HQS). Applicants must respond to all elements of the Project Selection Criteria. Upon the award of the vouchers under this RFP, and subject to additional requirements, e.g. completion of a subsidy layering review and environmental review, the owner and MMHA shall execute an Agreement to enter into a Housing Assistance Payments (AHAP) contract. Upon final inspection of the work, the owner and MMHA shall execute a Housing Assistance Payments (HAP) contract.

Proposals should note that upon execution of the AHAP contract, the Developer/Owner will be required to comply with federal requirements imposed by the AHAP, including the use of Davis-Bacon prevailing wages, participation of Section 3 and MBE/WBE businesses, and the need to obtain environmental clearance under the National

Environmental Policy Act of 1969 (NEPA). AHAPs are available online at:
https://www.hud.gov/program_offices/public_indian_housing/programs/hcv/forms.

TERM

Recipients of project-based vouchers may receive a Housing Assistance Payment (HAP) contract for up to twenty (20) years, which may be extended if MMHA determines the extension is appropriate to provide affordable housing in accordance with the HCVP Administrative Policy. Assistance to owners provided under the HAP contract is subject to annual congressional appropriations.

TENANT WAITING LISTS

MMHA maintains a list of households that have applied for the project-based rental assistance. Developer/Owners will be required to select applicants from that waiting list to fill all units. Developer/Owners may use their usual screening process (subject to Fair Housing laws and regulations) in making final selection of residents. When a vacancy in a project-based unit occurs through turnover, MMHA will provide the HAP for a period of up to two months or until the unit is re-rented, whichever comes first. In order to receive a vacancy payment, the Developer/Owner must make a written request and demonstrate that the vacancy is not due to a breach of the lease by the Developer/Owner or a violation of HAP contract provisions. In addition, the Developer/Owner must have a strategy in place to facilitate timely lease-up of vacant units. Such strategy must include ongoing communication with MMHA's Housing Choice Voucher department.

MMHA will accept proposals that meet the Project Selection Criteria described on the following pages. One (1) original copy of the proposal must be complete and all required documentation must be submitted in order to be considered. A proposal must receive at least 100 points in order to be awarded project-based vouchers. This does not assume that every proposal above 100 points is guaranteed an award.
